

BOWEL SCREENING SAVES LIVES

Every month, thousands of people in the UK take part.

Aged 60-74, or 50-74 in Scotland? And registered with a GP? You'll be sent a free NHS test kit in the post every 2 years.

The test looks for invisible early signs of bowel cancer, and it's designed for people who don't have symptoms.

Ask your doctor, nurse or pharmacist if you have any questions, such as how to do the test.

**IT'S
EASIER
THAN YOU
THINK**
